Home Mortgages and Home Equity Lines of Credit

We understand that buying a home is a milestone event in a person's life. We want to make that event as seamless as possible for you.

Our mortgage loans have an easy application process and flexible terms. We can close your loan quickly, and best of all, you will find our closing fees to be low compared to the larger banks and mortgage companies.

We can help you finance a new home, build a new home, or refinance your existing home for any variety of purposes (home improvement, debt consolidation and college financing are a few of many reasons to refinance). We also offer Home Equity Loans and Lines of Credit, which allow you to take advantage of the equity you have in your home.

Quick closings, reduced paperwork, and low fees are just some of the advantages you will experience when you deal with one of our loan officers.

Consumer Loans

We have loans available for a variety of consumer purposes. You will find our rates to be competitive, our application process to be easy, and our decision-making to be fast.

We offer Consumer Loans for new autos, used autos, boats, recreational vehicles, farm equipment, lawn & garden equipment, motorhomes & travel trailers.
